

# Devon White *Chicken*

Aubrey Allen®

by Aubrey Allen

The Devon White Chicken is slow grown by Chris and Hollie on their North Devon farm.

Ethically reared, for twice as long as a standard bird, which produces a great tasting, fuller flavour bird.

With zero miles from the farm to the on site processing plant which reduces stress to the bird and keeps their carbon footprint to a minimum.

The Aubrey Allen Free Range birds are selected with genetics approved by the Better Chicken Commitment.

---

Grown for twice the time  
of a standard chicken,  
with twice the flavour.
