

# Cheese of the Week

## Blackmount

A fresh, soft, lactic goat's cheese which is coated in vegetable ash.

### About the cheese

Made by Errington cheese, just north of the hill that the cheese is named after in Lanarkshire. Smooth and creamy in texture with a light and citrusy flavour, rounded off with very gentle earthy herbaceous notes from the ash coating

Goats milk  
Vegetarian Rennet  
Unpasteurised  
200g
