Artisan cheese

from Aubrey Allen

Tunworth

Creamy, oozy texture, bloomy rind, and complex earthy, vegetal, and sweet flavours.

Driftwood

Soft, creamy, ash covered goats' cheese with a deliciously citrusy taste. Subtle peppery and earthy undertones.

Ogleshiold

A semi-soft, washed-rind cheese made from the rich milk of Jersey cows, with a warm and savoury flavour.

Keens Cheddar

A lovely artisan cheddar, mature that melts in the mouth - sweet and strong, nutty and moreish.

Cornish Blue

Mild and creamy, with a dense texture and a buttery richness, softer than other tangy blues.

Pre-portioned and specially selected to showcase the best of the Winter season. Our pre-cut cheeseboard saves you time while delivering an excellent variety for your guests.
